This year ELIQG is following a quilt show theme of **Twisted Traditions**.

The theme is based upon the process of altering blocks to create unique variations. This leads us to look at designs in new and exciting ways.

## Special Exhibits

### Member Challenge:

Members are challenged to create a quilt by combining at least 2 traditional and well-known blocks into a single block. The "inside" block may be whole or cut from a whole block. More than two blocks may also be combined. Quilts may be pieced or appliquéd or any combination of techniques. The combination block must be distinguishable, but does not need to be the major component of the quilt. Minimum quilt size 24" X 24", maximum 30" X 30", or anything in between. You must be an ELIQG member to participate. The quilt may be constructed using any method, and must meet the generally accepted definition of a quilt, a layer of batting between 2 layers of fabric, with some quilting or tying holding the layers together.

### Block Contest:

Members, and Non-Members are invited to create a block based on the theme "Tradition with a Twist". Choose any traditional block and change it from a square to a rectangle. It must be a rectangle and measure 12-1/2" X 9-1/2" unfinished. The block MUST contain, but is not limited to, the color purple. The block may be pieced or appliquéd, or a combination of both. It may be embellished but NOT quilted. The block, as well as an entry fee of \$3.00, must be received by May 1, 2010 or the May 7, 2010 ELIQG General meeting. See [www.eliqg.org/shows.htm](http://www.eliqg.org/shows.htm) for entry form and mailing details.
